All investment or financial opinions expressed by Legacy are from personal research and experience of the founders of the organization & we do not offer any guarantees for any type of return. Our content is intended to be used & must be used for information & education purposes only. It is very important to do your own analysis before making any decision based on your own personal circumstances.

CORE VALUES

- Transparency
- Integrity
- Sustainability

OUR PROMISE

Every opportunity we offer will be fully transparent and will always ensure that you always understand the numbers. All the services we bring will have gone through our rigorous due diligence process. We will never guarantee a 100% risk free opportunity, but we will make sure that the services we offer have been verified, tested and where possible regulated

All the partnerships we bring onto our legacy platform, we will personally know the founders or operators. That is a strict requirement from our side as we plan to build this platform for a long term, that is one of the ways we can guarantee to leave our legacy.

INFLATION THE MONEY BURNER

- Over \$3 trillion printed in 2020
- Inflation currently running rampant globally
- EU and US inflation rates predicted to be well over 10%
- Anyone with savings must look for ways to hedge against inflation

PARTNERSHIP WITH SOUTHONE (L1)

- Legacy first service in partnership with SouthOne known as L1
- 50% of the profits generated are shared with our community members
- Profits are paid out on a monthly basis in USDT TRC20
- Profits can be tracked via the Legacy 1 App
- Limited allocation of contribution available so first come first serve
- Expected profits are in the range 5-10% per month
- Referrals receive 20% of the profits of those they refer
- 12 month lock up on funds (in emergency we will seek to replace your position within 60 days)

PROFITS AND COMMISSIONS

- **Legacy community members will earn on average 5-10% per month on any capital they contribute.**

Example:

- Contributed : \$100,000
- Monthly profit: \$5,000 - \$10,000

(we expect profits to grow from month 3 to hit the average targets)

- **If you refer anyone you will earn a fixed 20% figure on whatever amount they earn monthly.**

Example:

- Monthly profit was \$10,000 for someone who contributed \$100,000
- The direct referrer would earn: \$2,000 that month & each month the profits are generated

APP VERSION 1.0

- Monthly statements
- Referral breakdown commissions
- Face ID
- Monthly reports
- Version 2.0 coming soon

SouthOne's mission is to increase economic opportunity on the African continent and for its diaspora around the world. By creating community-powered financial solutions, we make it easier to make day-to-day payments and do business in an increasingly global Africa.

RISK MANAGEMENT

SouthOne has an experienced team with a combined 37yrs in Banking, Risk Management, Compliance and Legal. This deep pool of expertise enables the company to use the best in-house practices to mitigate risks including segregation of client funds, multiple sig- wallets, ciso expertise, fx hedging strategies and more.

SouthOne has taken proactive measures to be transparent and compliant with its banking partners, attending regular meetings with regulators and working closely with its legal partners to ensure the business continues to operate.

All of the service providers and partners SouthOne uses for FX, Crypto Custody and Banking are licensed entities, many of them are amongst the top names in their respective industries. As such, we have conducted due diligence with relevant counter-parties to ensure the risks, if any, are mitigated.

SouthOne's mission is to increase economic opportunity on the African continent and for its diaspora around the world. By creating community-powered financial solutions, we make it easier to make day-to-day payments and do business in an increasingly global Africa.
